What is a "shareholder of record"?

What is the record date for the Annual Meeting?

The record date is February 28, 2019. Shareholders of record at the close of business on February 28, 2019, will be entitled to vote at the Annual Meeting. Each share of common stock will have one vote on each matter to be voted upon.

Which O'Reilly shares are included in the proxy card I received?

The proxy card you received covers the number of common shares to be voted in your account as of the record date.

What is the difference between holding shares as a registered shareholder and as a beneficial owner?

A registered shareholder owns shares that are registered directly in their name with the Company's transfer agent, Computershare. A beneficial owner owns shares held in a stock brokerage account or by a bank.

Why would I receive more than one proxy card?

You may receive more than one proxy card if you owned shares in more than one account. You should vote the shares on each of your proxy cards.

What matters will be voted on at the Annual Meeting?

At the Annual Meeting, shareholders will be asked to vote on three proposals that were solicited by the Board (Proposals 1 through 3), as well as a shareholder proposal (Proposal 4), if properly presented at the Annual Meeting:

How will my vote be counted?

All votes will be tabulated by Broadridge. All properly executed proxies received by the Board pursuant to this solicitation will be voted in accordance with the shareholder’s directions specified in the proxy card. Officer and Director Stock Ownership Guidelines

The Board adopted stock ownership requirements for the Company's independent Directors, executive officers and executive and senior vice presidents to further align their interests with those of the Company's shareholders. The Compensation Committee reviews the stock ownership guidelines and reviews progress toward meeting ownership requirements quarterly. The Compensation Committee has discretion to waive these guidelines; however, it has never done so.

The Company's independent Directors are required to own shares of the Company's common stock valued at a minimum of \$150,000 within five years of the date they first become a Director. For purposes of the guidelines, common stock ownership

includes shares owned by the Director, directly or indirectly, and vested stock options granted to the Director under the Company's Director Stock Plan, but excludes unvested restricted share awards. INFORMATION CONCERNING THE BOARD OF DIRECTORS

Director Independence

Rules of the Nasdaq Stock Market (the "Nasdaq") require that a majority of the Board be "independent." Under the Nasdaq rules, a director or director nominee is independent if he or she is not an officer or employee of the Company and does not have any relationship with the Company which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board has reviewed the independence of its Directors and director nominee under the Nasdaq rules. During this review, the Board considered transactions and relationships between each Director or any member of his or her family and the Company during 2018. Please see discussions in "**Affiliated Relationships**" and "**Certain Relationships and Related Transactions**" sections for further descriptions, by specific category and type, of the transactions and relationships reviewed. Consistent with these considerations, the Board has determined that Messrs. Burchfield, Hendrickson, Murphy and Rashkow, and Ms. Perlman ("independent Directors"), as well as Ms. Weiss, director nominee, are independent under the Nasdaq rules.

Affiliated Relationships

David O'Reilly, Larry O'Reilly and Rosalie O'Reilly Wooten, Directors of the Board, are siblings. In addition to being a Director of the Board, David O'Reilly also serves as Chairman of the Board of the Company.

Greg Henslee, Executive Vice Chairman of the Board, was the Chief Executive Officer of the Company from 2005 until May of 2018. Effective in May of 2018, Greg D. Johnson was promoted to Chief Executive Officer and Co-President.

Leadership Structure

The Company's leadership structure, within its Board, consists of a Chairman of the Board, two Vice Chairmen of the Board, an Independent Lead Director, an Audit Committee, a Corporate Governance/Nominating Committee and a Compensation Committee. The Independent Lead Director also serves on the Audit Committee and the Compensation Committee. All Committee members satisfy the independence requirements under the Nasdaq rules. The Company's Bylaws permit the positions of Chairman of the Board and Chief Executive Officer to be held by the same person; however, the Board believes these roles and their attendant responsibilities should be separate and fulfilled by two separate individuals. The Company believes having separate roles allows its Board to effectively provide guidance to and oversight of its management. In 2005, the Corporate Governance/Nominating Committee recommended, and the Board approved, the appointment of David O'Reilly to serve in the role of Chairman of the Board of the Company. In May of 2018, the Corporate Governance/Nominating Committee recommended, and the Board approved, the appointment of Greg Henslee to serve in the role of Executive Vice Chairman of the Board of the Company. These appointments were made in recognition of the substantial roles Mr. O'Reilly and Mr. Henslee play in the development of the Company's strategic initiatives.

Independent Lead Director

From time to time, in the interest of sound corporate governance, the Board may appoint an Independent Lead Director. The Board believes that the designation of an Independent Lead Director improves the functionality of the Board and its Committees and aids in the fiduciary obligations each Director has to the Company and its shareholders. In May of 2018, the Corporate Governance/Nominating Committee nominated, and the Board approved, Jay D. Burchfield to serve as Independent Lead Director. Mr. Burchfield has served as Independent Lead Director since that time.

The responsibilities of the Independent Lead Director include, but are not limited to, the following:

- Serves as a liaison among other Directors, with the Company's management, between Board committees and the Board;
- Presides at Board meetings in the absence of the Chairman of the Board, or at the request of the Chairman of the Board;
- Ensures Board leadership in the absence or incapacitation of the Chairman of the Board;
- Chairs executive sessions involving only the independent Directors, develops the agenda for executive sessions to ensure that independent Directors have adequate opportunities for these meetings to be held and adequate time to discuss issues and communicates with the Company's management, as appropriate, the results of the executive sessions;
- Consults with the Chairman of the Board as to the appropriate schedules and agendas of Board meetings to ensure there is sufficient time available for serious discussion of appropriate topics proposed by the independent Directors;
- Advises the Chairman of the Board on the conduct of Board meetings to facilitate teamwork and communication among independent and non-independent Directors;
- Together with the Chairman of the Board, collaborates with the Company's management to determine the information and materials provided to the Directors, so that the independent Directors have adequate resources, especially by way of full, timely and relevant information, to support their decision-making responsibilities;
- Entitled to request materials from and receive notice of, and attend all, meetings of Board committees;
- Collaborates with the Chairman of the Board and Corporate Governance/Nominating Committee on Board succession planning;
- Is available to advise committee chairpersons in fulfilling their designated roles and responsibilities to the Board;
- Acts as the focal point on the Board concerning issues such as corporate governance and suggestions from independent Directors and monitors and coordinates with the Company's management on corporate governance issues and developments;
- Collaborates with the Corporate Governance/Nominating Committee to ensure a succession plan is in place for the Company's Chief Executive Officer;
- Collaborates with the Board to guide the Company's management on strategic issues and long-term planning;
- Consults with the Chairman of the Board on such matters as are pertinent to the Board and the Company;
- Is available for direct communication and consultation with shareholders, upon request through Board approved procedures; and
- Performs such other duties as the Board or Chairman of the Board may delegate, from time to time.

Meeting Attendance

During 2018, four regularly scheduled meetings of the Board were held. During such year, each current Director attended 100% of the total number of meetings of the Board during his or her term of service. During 2018, each independent Director attended 100% of the total number of meetings held by all committees of the Board for which he or she served, with the exception of Mr. Murphy who attended 93% and Mr. Rashkow who attended 92% of the total number of meetings held by all committees of the Board for which each served.

Time is allotted at each Board meeting for an executive session involving only the independent Directors. The Company's independent Directors held four closed-session meetings during 2018, and each current independent director attended all meetings during his or her term of service.

The Company encourages, but does not require, the members of its Board to attend the Annual Meeting. Each director then serving on the Board attended the Company's 2018 Annual Meeting.

Committees of the Board

The Board has three standing committees, the Audit Committee, the Compensation Committee and the Corporate Governance/Nominating Committee. Each committee is governed by a written charter and is comprised solely of independent Directors in accordance with the Nasdaq Listing Qualifications. Charters for each committee are available on the Company's website at www.OReillyAuto.com and can be obtained free of charge by written request to the attention of the Secretary at the Company's address appearing on the first page of this proxy statement or by telephone at (417) 874-7161.

Because David O'Reilly, Larry O'Reilly, Rosalie O'Reilly Wooten and Greg Henslee do not qualify as independent Directors, they do not participate on any committee of the Board.

Audit Committee

Number of Members: Five

Members: Thomas T. Hendrickson (Chairman), Jay D. Burchfield, John R. Murphy, Dana M. Perlman and Ronald Rashkow

Number of Meetings during 2018: Eight

Purpose and Functions:

The Company's standing Audit Committee was established in accordance with Section (3)(a)(58)(A) of the Exchange Act. The Audit Committee is responsible for reviewing reports of the Company's financial results, audits and internal controls, including the Company's Internal Audit Department, and communicating the results of these evaluations to management. The Audit Committee recommends the engagement of independent auditors, confers with the external auditors regarding the adequacy of the Company's financial controls and fiscal policy in accordance with generally accepted auditing standards and directs changes to financial policies or procedures as appropriate. The Committee also reviews the procedure of the independent registered public accounting firm for ensuring its independence with respect to the services performed for the Company.

The Board has determined that each member of the Audit Committee is "independent" pursuant to the Nasdaq rules, as well as the independence requirements for audit committee members under Rule 10A-3 promulgated under the Exchange Act. In addition, the Board has determined that Mr. Hendrickson, chairman of the Audit Committee, is qualified as an audit committee financial expert, as that term is defined in the rules of the SEC. The Company's Audit Committee Charter may be viewed on its website at www.OReillyAuto.com.

Compensation Committee

Number of Members: Three

Members: John R. Murphy (Chairman), Jay D. Burchfield and Thomas T. Hendrickson

Number of Meetings during 2018: Four

Purpose and Functions:

The purpose of the Compensation Committee is to act on behalf of the Board with respect to the establishment and administration of the policies, which govern the annual compensation of the Company's executive officers. The Committee has responsibility for defining and articulating the Company's overall executive compensation philosophy, and administering and approving all elements of compensation for elected executive officers. The Committee is directly responsible for reviewing and approving the corporate goals and objectives relevant to the Chairman and CEO's compensation, evaluating the Chairman and

CEO's performance based on those goals and objectives, and determining and approving the Chairman and CEO's compensation level based on this evaluation. The Company's Human Resources Department works directly with the Compensation Committee to assist in making recommendations to the Committee for the Chairman and CEO's total compensation. The Compensation Committee also oversees the grants and related actions under the Company's various equity plans.

Because the Company's executive leadership is of critical importance to the Company's success, the succession planning process is led by the Compensation Committee. This committee reviews the Company's succession planning practices and procedures and makes recommendations to the Board concerning succession developments, while ensuring the appropriate succession plans are in place for key executive positions.

The Committee has the authority to retain consultants and advisors as it may deem appropriate in its discretion. The Committee has, from time to time, historically utilized third party compensation survey data and/or outside consultant advisors in order to achieve its goal of attracting and retaining executive officers who contribute to the long-term success of the Company. During 2018, the Company did not engage an outside consultant advisor for compensation advisory services. The Company's Compensation Committee Charter may be viewed on its website at www.OReillyAuto.com.

Corporate Governance/Nominating Committee

Number of Members: Three

Members: Ronald Rashkow (Chairman), John R. Murphy and Dana M. Perlman

Number of Meetings during 2018: Four

Purpose and Functions:

The principal purposes of the Corporate Governance/Nominating Committee are

- i. to establish criteria for the selection of Directors, identify any additional skills sets or attributes necessary to fill gaps on the current board and to recommend to the Board the nominees for Director in connection with the Company's Annual Meeting of the shareholders;
- ii. to take a leadership role in shaping the Company's corporate governance policies and to issue and implement the Corporate Governance Principles of the Company;
- iii. to develop and coordinate annual evaluations of the Board, its committees and its members;
- iv. to advise the Board regarding long-term Board succession; and
- v. to adhere to all legal standards required by the SEC and Nasdaq.

The Company's Corporate Governance Principles may be viewed along with the Corporate Governance/Nominating Committee Charter on its website at www.OReillyAuto.com.

The Corporate Governance/Nominating Committee does not have a written policy on the consideration of Director candidates recommended by shareholders. It is the view of the Board that all candidates, whether recommended by a shareholder or the Corporate Governance/Nominating Committee, shall be evaluated based on the same established criteria for persons to be nominated for election to the Board and its committees. The established criteria for persons to be nominated for election to the Board and its committees, taking into account the composition of the Board as a whole, at a minimum, includes

- a candidate's qualification as "independent" under the federal securities laws and the rules and regulations of the SEC and Nasdaq applicable to the Board and each of its committees;
- depth, breadth and diversity of experience within the Company's industry and otherwise;
- commitments outside of the Board and the ability to devote adequate time to Board and committee matters;
- special areas of expertise;
- accounting and financial knowledge;
- willingness to apply sound and independent business judgment;
- leadership ability;
- experience in developing and assessing business strategies;
- corporate governance expertise;
- risk management skills; and
- for incumbent members of the Board, the past performance of the incumbent director.

The Corporate Governance/Nominating Committee regularly engages and considers director succession for the members of its Board, committees and committee chairs to ensure a mix of knowledge and abilities, expertise and tenure that promote and support the Company's long-term success, while giving consideration to evolving skills, perspective and experience needed on the Board to perform its corporate governance role. In addition, when the Corporate Governance/Nominating Committee seeks a new candidate for directorship, it seeks qualifications from the individual that satisfy the established criteria for a person to be nominated and a candidate that will complement the attributes and perspective of the other members of the Board. As the Company's strategic priorities and the composition of the Board evolve, the priorities and emphasis of qualifications the Corporate Governance/Nominating Committee is seeking in a candidate will change from time to time. Individuals identified by the Corporate Governance/Nominating Committee as qualified to become directors are then recommended to the Board for nomination, and the Board determines the nominees for election after considering the recommendation and report of the Corporate Governance/Nomination Committee.

The Corporate Governance/Nominating Committee expects Mrs. Rosalie O'Reilly Wooten to retire from the Board at the end of the 2019 director term, consistent with the Board's mandatory retirement age policy. Currently, the Corporate Governance/Nominating Committee is actively searching for a qualified candidate for directorship to recommend to the Board in 2019 for consideration for the 2020 director elections.

Finding qualified candidates interested in serving as director is of the highest level of importance to the Corporate Governance/Nominating Committee. As such, the Corporate Governance/Nominating Committee may use any and all appropriate methods at its disposal for identifying candidates for election. The Corporate Governance/Nominating Committee's methods for identifying candidates for election to the Company's Board include the solicitation of possible candidates from a number of sources, including engaging with outside search firms, from members of its Board, its executives, individuals personally known to the members of its Board and other research. Shareholders wishing to recommend a candidate for nomination as a director are requested to send the recommendation in writing to O'Reilly Automotive, Inc. Corporate Governance/Nomination Committee, attention to Tricia Headley, at 233 South Patterson Avenue, Springfield, Missouri 65802. The Board believes it is best qualified to evaluate candidates based on its knowledge of the Company's business structure, and the Corporate Governance/Nominating Committee may retain one or more third-party search firms to identify suitable candidates. The Corporate Governance/Nominating Committee retained The Stewart Group, Inc. to assist with the search for a suitable candidate to fill the vacancy due to Mr. Ronald Rashkow's expected retirement from the Board at the end of the 2018 director term, resulting in the nomination of Ms. Andrea M. Weiss.

Shareholder Nominations

A shareholder who desires to nominate one or more persons for election as director(s) shall deliver "timely notice" (as defined in Section 12, Article II of the Company's Bylaws) of the shareholder's intent to make such nomination or nominations, either by personal delivery or by United States mail, postage prepaid, to the Secretary of the Company at the Company's address appearing on the first page of this proxy statement. In accordance with Section 13, Article II of the Bylaws, such notice shall set forth

- i. the name and address of record of the shareholder who intends to make the nomination;
- ii. the class and number of shares of the capital stock that are beneficially owned by the shareholder on the date of such notice;
- iii. the name, age, business and residential addresses, and principal occupation or employment of each proposed nominee;
- iv. a description of all arrangements or understandings between the shareholder and each nominee, and other arrangements or understandings known to the shareholder, pursuant to which the nomination or nominations are to be made by the shareholder; any other information regarding each proposed nominee that would be required to be included in a proxy statement filed with the SEC; and
- v. the written consent of each proposed nominee being so named to serve as a Director of the Company.

The presiding officer of a meeting may, if the facts warrant, determine at the meeting that a nomination was not made in accordance with the foregoing procedure, and if he or she should make that determination, he or she shall so declare at the Annual Meeting, and the defective nomination shall be disregarded.

Risk Oversight

It is management's responsibility to manage risk and bring to the Board's attention the most material risks to the Company. The Board has oversight responsibility of the processes established to report and monitor systems for material risks applicable to the Company. In its oversight role, the Board annually reviews the Company's strategic plan, which addresses, among other things,

the risks and opportunities facing the Company. A quarterly risk overview is provided to the Board by the Company's General Counsel, by the Company's Senior Vice President of Information Technology and by the Company's Vice President of Treasury and Risk Management, which details the Company's current and potential risks and risk exposure to litigation, information technology and cybersecurity and self-insurance. The Board has delegated certain risk management oversight responsibility to the Board committees. As part of its responsibilities as set forth in its charter, the Audit Committee is responsible for discussing with management the Company's major financial risk exposures and the steps management has taken to monitor and control those exposures, including the Company's risk assessment and risk management policies. The Audit Committee reviews, with management, the Company's financial performance and financing arrangements and meets with the Company's external auditors to review the Company's compliance with all applicable financial reporting and Sarbanes-Oxley requirements. The Corporate Governance/Nominating Committee reviews the Company's corporate governance guidelines and their implementation and reviews the Corporate Risk Assessment and Management Status Report. This report identifies the material business risks (including strategic and operational) for the Company as a whole and identifies the controls that respond to and mitigate those risks. The Corporate Governance/Nominating Committee also receives a Fraud Risk Assessment report from management, which reviews the Company's Code of Conduct and Ethics program compliance as well as the Company's TIPS Hotline and Corporate policies and procedures. The Compensation Committee has overall responsibility for executive officer succession planning and reviews succession plans each year. The Compensation Committee also reviews total compensation for the Company's management and executives including base salary, incentive compensation, benefits, and perquisites to ensure they are market competitive and consistent with the Company's performance goals and ensures that the compensation plans and arrangements do not create inappropriate risks. Each committee regularly reports to the full Board.

Board Diversity

In selecting a Director nominee, the Corporate Governance/Nominating Committee focuses on skills, viewpoints, expertise and background that would complement the existing Board. While the Board does not have a formal policy on Board diversity as it relates to the selection of nominees for the Board, the Corporate Governance/Nominating Committee will consider diversity in market knowledge, experience, employment, ethnicity, gender and geography among other factors. Decisions by the Board regarding continued service of Directors are made based on expected contributions to the Board in furtherance of the interests of shareholders.

Compensation of Directors

Independent Directors

Independent Directors are paid an annual fee and meeting fees for attendance at each Board and Committee meeting, with the Independent Lead Director receiving an additional annual fee for service on the Board. Each Committee Chairman is paid an additional fee for service as chairman of each respective Committee.

To assist the Company in recruiting and retaining qualified Directors, the Company also maintains a Director Stock Plan. This plan provides for an annual award to each independent Director of restricted shares that vest annually in equal installments over a three-year period and/or the grant of non-qualified stock options to purchase shares of the Company's common stock, at a per share exercise price equal to the closing market price of the Company's common stock on the date the option is granted, that fully vest after six months and have a contractual life of seven years. Shaw was promoted to Chief Operating Officer and Co-President. Greg Henslee, who previously served as the Company's Chief Executive Officer, was appointed to Executive Vice Chairman of the Board.

Executive summary

The Compensation Committee of the Board is responsible for reviewing the performance of the Company's NEOs, Executive Vice Presidents and Senior Vice Presidents (together, its "executive officers"), recommending to the Board compensation packages and specific compensation levels for its executive officers and other management team members, establishing policies and guidelines for other benefit programs and administering the award of stock options and other stock-based incentives under the Company's incentive plans.

At the 2018 Annual Meeting, over 96% of the votes cast in the advisory vote on executive compensation, which were present and entitled to vote on the matter, were in favor of the compensation of the Company's NEOs as disclosed in the 2018 proxy statement. The Board believes that the outcome of this proposal evidences the commitment of the Compensation Committee to open dialogue with the Company's shareholders regarding the Company's executive compensation program, and the Compensation Committee has and will continue to consider these voting results and shareholder sentiments generally as it formulates and implements an executive compensation program designed to align the long-term interests of the Company's executive officers with the interests of its shareholders.

The policies and procedures of the Compensation Committee are designed to assist the Board in its oversight of the implementation and effectiveness of its policies and strategies regarding the investment in the Company's most important asset, its employees (whom the Company refers to as "Team Members"). These strategies and policies include, but are not limited to,

- recruiting and retaining qualified Team Members;
- supporting the career development and progression of Team Members;
- management succession, in conjunction with the Company's Corporate Governance/Nominating Committee; and
- other employment practices.

Compensation objectives and philosophy

The main objective of the Company's compensation philosophy is to provide its executive officers and management with a total compensation package that is competitive and equitable, and which encourages and rewards performance based in part upon the Company's performance in terms of increases in shareholder value. The Company's compensation objectives include both long-term, share-based incentives and short-term, cash incentives. The Company believes that aligning the interests of its executives and management with those of its shareholders further promotes the success of not only the Company, but also its Team Members.

Risk assessment of compensation programs

The Compensation Committee has reviewed the potential effects of the various components of the Company's executive officers' compensation and benefits programs on individual and collective behavior and, ultimately, on its risk profile and overall approach to risk management. During its review, the Compensation Committee focused on the Company's short-term incentives, long-term incentives, and change in control benefits as having the greatest potential to create incentives for

individual or collective risk taking. Following a thorough review of these and the other components of the Company's compensation and benefits programs, the Compensation Committee has determined that the programs do not create any incentives with respect to individual or collective behavior that are likely to have a material adverse effect upon either its risk profile or overall approach to risk management.

Additionally, the Company's non-executive officer and management compensation policies and practices do not excessively incentivize or create need for inappropriate risk-taking by its Team Members, and therefore, it is not reasonably likely that current compensation policies and practices would have a material adverse effect on the Company.

Overview of compensation programs

The key elements of the compensation packages for the Company's executive officers, including the NEOs, are base salary, annual cash incentive compensation and long-term, share-based incentives. In determining the composition of elements in each compensation package, the Compensation Committee aims to create a balanced set of rewards, utilizing market-driven influences and external compensation benchmarks, as well as the Company's current cash considerations. To ensure that the Company thrives in the competitive talent market, the Compensation Committee reviews industry resources, references and other benchmark reports to determine competitive market ranges and reasonable levels of compensation.

In reviewing the compensation packages of each of the Company's executive officers and management, the Compensation Committee tallies the corresponding dollar value of each element of an individual's compensation, including salary, incentive compensation, accumulated realized and unrealized share-based compensation gains, the dollar value to such individual and cost to the Company of all perquisites and other personal benefits, the earnings and accumulated benefits under the Company's non-qualified deferred compensation program and the potential impact of several potential severance and change-in-control scenarios. For new appointments to senior executive management, the Company's management presents compensation recommendations to the Compensation Committee for consideration.

Competitive assessments

The Company's Human Resources Department provides the Compensation Committee with industry benchmark information and compensation survey data from the companies in its peer group, including peer salary, bonus, incentive compensation, share-based compensation and other compensation. The Compensation Committee considers the Company's relative performance compared with an established group of peer companies in the automotive aftermarket industry and other specialty retailers, described below.

The Compensation Committee reviews the Company's peer group, as necessary, to ensure that the comparisons are meaningful. The Compensation Committee evaluates peers that conduct business outside of the automotive aftermarket industry based on criteria such as revenue, operating margin, net income, market capitalization, team member count and one and three year total shareholder returns, as applicable. Based on its review, the Compensation Committee removed four companies and added three companies, Dollar General Corporation, Lithia Motors, Inc. and Sonic Automotive, Inc., to the 2018 peer group for the following reason: similar market capitalization and revenue growth to the Company's.

The Compensation Committee also considers broad-based survey data, compiled by Equilar, Inc., of total compensation for top management at companies with total revenues comparable to the total revenues of the Company. The Compensation Committee uses the industry and market survey data for context in reviewing the overall compensation levels and maintaining a reasonable and competitive compensation program. The Compensation Committee does not use this data or peer group data to set specific compensation benchmarks for a position or for any element of compensation. Rather, the Compensation Committee evaluates the overall performance of the Company and the individual performance of management to set compensation at reasonable and competitive levels.

The companies comprising the 2018 peer group for the Company are identified in the following table. The 2018 peer group includes companies in the automotive aftermarket industry and other specialty retailers with a market capitalization ranging from \$0.43 billion to \$28.34 billion. As of December 31, 2018, the median market capitalization of the Company's 2018 peer group was \$2.76 billion and the Company's market capitalization was \$27.22 billion.

Base salary

The Company provides competitive annual base salaries to its executive officers and management in recognition of their job responsibilities. In determining annual base salary, it is the Compensation Committee's goal to bring the salaries of the Company's executive officers and management in line with base compensation being paid by its peer group. The Compensation Committee specifically reviews compensation information from the publicly traded automotive aftermarket companies in its peer group and compensation surveys and data from the other specialty retailers in its peer group. The Compensation Committee believes that the Company's principal competitors for its executive officers are not necessarily the same companies that would be included in a peer group compiled for purposes of comparing shareholder returns. Consequently, the companies that are reviewed for such compensation purposes may not be the same as the companies comprising the indices included in the Annual Shareholders' Report of the Company for 2018 that accompanies this proxy statement. The Compensation Committee increased base salary levels in 2018 for the Company's NEOs to maintain compensation at competitive levels and to reflect Company performance and the individual performance of each of its NEOs.

Incentive compensation plan

The Company provides competitive annual incentive compensation as a percent of base salary based on achievement of certain objective performance goals established by the Compensation Committee each year in order to motivate attainment of short-term goals, link annual cash compensation to achievement of annual priorities and reward individual performance and contributions.

At the beginning of each year, a comprehensive operating plan is developed, which contains estimates for the Company's projected performance for the year, by reviewing the Company's historical performance, trends in the automotive aftermarket and retail industry and the performance of industry peers and other comparable companies. The targets for the incentive compensation plans set by the Compensation Committee generally correspond to this operating plan. The comprehensive operating plan for the 2018 fiscal year was approved by the Board in February of 2018 and reflects the projected results for the 2018 fiscal year. The Company's actual performance in each of the target areas is compared to the individual targets predetermined by the Compensation Committee to determine the incentive amount, if any, earned by each executive officer. Upon achievement of such performance goals, executive officers receive incentive compensation based upon a percentage of their respective base salaries for the attainment of a defined performance goal.

The overall potential value varies depending upon the executive’s position; however, under the Company’s 2017 Incentive Award Plan, the maximum aggregate amount of cash compensation that may be paid to any one participant in any year is \$10,000,000. For 2018, the Company’s Chief Executive Officer, Mr. Johnson, and Chief Operating Officer, Mr. Shaw, had cumulative targets of 100% of their individual base salaries, and its Chief Financial Officer had a cumulative target of 80% of his individual base salary, which were, in each case, the same position level salary targets applicable in 2017. The Board sets performance target achievement levels for its executives that are challenging enough to require strong and consistent effort by the executives to be achieved and such that the Company’s actual performance above projections would result in payouts above target levels and would likely also result in an increase in total shareholder value. Over the last five years, annual incentive payouts under the executive incentive compensation plan have been below target one time and exceeded target four times, ranging from 15% to 245% of target during this period of time, and over that same period, the value of the Company’s stock, and associated shareholder value, increased 168%.

The performance metrics, weighting, targets, actual results and achievement levels utilized by the Compensation Committee for calculating the incentive compensation payable to each of the NEOs for the year ended December 31, 2018, are identified in the table below:

Performance Metric	Weight (%)	Threshold	Target	Actual	Achievement (%)
Comparable store sales ^(a)	30	1.5 %	3.0 %	3.8 %	42.5
Adjusted operating income (in thousands) ^(b)	30	\$ 1,707,000	\$ 1,777,000	\$ 1,803,481	39.5
Return on invested capital ^(c)	20	35.69 %	37.86 %	39.59 %	32.0
Free cash flow (in thousands) ^(d)	20	\$ 947,000	\$ 1,154,000	\$ 1,188,584	22.5
	<u>100</u>				<u>136.5</u>

^a Calculated based on the change in sales for stores open at least one year and exclude sales of specialty machinery, sales to independent parts stores and sales to Team Members.

^b Calculated as operating income for the full year in the amount of \$1,815,184 thousand, less \$11,703 thousand, as the result of a reduction in our legal accrual following the settlement of a legal claim.

^c Calculated as net income plus interest expense, divided by the sum of average debt and average equity, less average cash.

^d Calculated as net cash provided by operating activities less capital expenditures and excess tax benefit from share-based compensation payments for the period.

The following table summarizes the 2018 performance incentive compensation plan salary targets and the resulting payouts for each of the Company’s NEOs who participated in the plan:

Named Executive Officer	Base Salary (\$)	Target (%)	Target (\$)	Achievement (%)	Incentive Achieved (\$)
Chief Executive Officer	850,000	100	850,000	136.5	1,160,373
Chief Operating Officer	700,000	100	700,000	136.5	955,601
Chief Financial Officer	775,000	80	620,000	136.5	846,389

Long-term, stock-based incentives

The Company offers long-term incentives for executive officers and management in the form of stock option and restricted stock awards. Stock options and restricted stock may be awarded to the Company’s NEOs, upper- and middle-managers and other key personnel.

The Company believes that its stock-based incentive award programs are an important component of compensation as an incentive for long-term corporate performance. The Compensation Committee has determined that the annual award of restricted stock or grant of stock options to the Company’s executive officers is a key component of each executive officer’s total compensation package based on his duties. The amounts of such restricted stock awards and/or stock option grants are determined by the Compensation Committee annually in conjunction with performance reviews and salary adjustments during the January Compensation Committee meeting. In determining whether and how many restricted stock awards and/or stock options should be granted, the Compensation Committee considers the responsibilities and seniority of each of the executive officers, as well as the Company’s financial performance and other factors as it deems appropriate, consistent with its compensation philosophy and policies. The restricted stock awards and stock options awarded by the Compensation Committee in 2018, as reflected in the “**Grants of Plan Based Awards**” table, include an annual award of restricted stock or grant of stock options, as the case may be, determined by the Compensation Committee in consideration of the factors described above.

In the past, the Compensation Committee has reviewed and considered using other equity-based incentives for the long-term compensation component. After a thorough analysis, stock options and restricted stock awards were determined to be the most effective methods of aligning management interests with those of the Company's shareholders.

The Compensation Committee has also established specific stock option awards to be granted upon the achievement of certain defined positions of employment. These are automatic grants that occur on the date of promotion or appointment to such positions with an option price equal to the closing market value of the common stock underlying the option on such date. It is the Company's belief that these position-related grants provide an additional incentive to its executives, management and other Team Members to set personal long-term employment goals. In furtherance of this belief, the Company also has a Team Member stock purchase plan that enables Team Members to purchase its common stock at a discount through payroll deductions, and Team Members are also able to invest in the Company's common stock through its 401(k) plan. In addition, the Compensation Committee may grant stock option awards in connection with a material business event, such as a large acquisition. The Compensation Committee believes that these special stock option awards provide an additional incentive to the Company's executive officers, management and other Team Members to ensure these material acquisitions are integrated effectively and efficiently.

Greg D. Johnson and Jeff M. Shaw were awarded position-level stock option awards during 2018, with a value of \$2 million and \$1 million, respectively, in recognition of their promotions to Chief Executive Officer and Chief Operating Officer, respectively. No other position-level stock option awards, or other special stock option awards in connection with a material business event, were granted during 2018 to NEOs.

Other

The Company sponsors a 401(k) Profit Sharing and Savings Plan (the "401(k) Plan") that allows Team Members to make plan contributions on a pre-tax basis. The Company matches 100% of the first 2% of the Team Member's compensation, and 25% of the next 4% of the Team Member's compensation.

Although executives are eligible to participate in the 401(k) Plan, the application of the annual limitations on contributions under Section 401(a)(17) of the Internal Revenue Code of 1986, as amended (the "Code") prevents highly compensated employees, as defined by the Code, from participating at the same levels as non-highly compensated employees. The Company has established the O'Reilly Automotive Deferred Compensation Plan (the "Deferred Compensation Plan"), which is intended to restore contributions lost because of the application of the annual limitations under the Code that are applicable to the 401(k) Plan. The Deferred Compensation Plan provides executives who participate in the 401(k) Plan with the opportunity to defer the full 6% of covered compensation by making contributions to the Deferred Compensation Plan that are then matched by the Company as if they had been made under the 401(k) Plan. This benefit, which assists executives in accumulating funds for retirement, is consistent with observed competitive practices of similarly situated companies.

Section 162(m) ("Section 162(m)") of the Code generally disallows a tax deduction to publicly-held companies for compensation paid to certain executive officers, to the extent that compensation exceeds \$1 million per officer in any year. The Compensation Committee believes that in establishing the cash and equity incentive compensation programs for the Company's executive officers, the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. Accordingly, the Compensation Committee may provide one or more executive officers with the opportunity to earn base and incentive compensation, whether through base salary, cash incentive based compensation programs tied to the Company's financial performance or share-based awards in the form of restricted stock or restricted stock units, which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Code. The Company believes it is important to maintain incentive compensation at the requisite level to attract and retain the executive officers essential to the Company's financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

In addition, the Company provides its executive officers with certain perquisites, which the Compensation Committee believes are reasonable and consistent with the objectives of attracting and retaining superior Team Members, as well as maintaining a competitive total compensation package for the executive officers. Perquisites can include personal use of a Company automobile, personal use of the Company plane, reimbursement for health and country club memberships and reimbursements under the Company's executive management medical reimbursement benefit plan. Perquisite amounts for the Company's NEOs are included in the "**Summary Compensation Table**" in the column "All Other Compensation."

The Company has entered into change in control severance agreements with its NEOs. These are described in the “Potential Payments on Termination or Change in Control” and “Employment Arrangements with Executive Officers” sections of the narrative disclosure to the “**Summary Compensation Table.**”

Compensation mix

The following table summarizes the Company’s actual compensation mix that resulted in 2018 from the compensation programs and practices described above, which includes base salary, restricted stock awards or stock options, non-equity incentive compensation and/or other benefits, for each of its NEOs:

Clawback policy

The Board is dedicated to maintaining and enhancing a culture that is focused on integrity and accountability while tying compensation to the Company’s performance. The Board, following a recommendation by the Compensation Committee, adopted an incentive compensation clawback policy (the “Policy”) in 2014. Each of the Company’s NEOs has signed an acknowledgement agreeing to comply with the provisions of the Policy. The Policy is intended to provide an appropriate and effective incentive compensation recoupment program and to offer a balanced approach to aligning the interests of the Company’s NEOs and shareholders.

The adopted Policy specifically provides that if the Board or the Compensation Committee determines that incentive compensation of a current or former NEO was overpaid as a result of a restatement of the reported financial results of the Company due to material non-compliance with financial reporting requirements that resulted from the fraud or willful misconduct of the covered employee, then the Board or the Compensation Committee will review the incentive compensation paid, granted, vested or accrued based on the prior inaccurate results. The Policy also provides that, to the extent practicable and as permitted by applicable law, the Board or Compensation Committee will determine whether to seek to recover or cancel the difference between any incentive compensation that was based on having met or exceeded performance targets that would not otherwise have been met based upon accurate financial data and the incentive compensation that would have been paid or granted or that would have vested had the actual payment, granting or vesting been calculated based on the accurate data or restated results, as applicable.

The Policy applies to all incentive compensation granted, paid or credited after the Policy’s adoption by the Board, except to the extent prohibited by applicable law or any other legal obligation of the Company. “Incentive compensation” means performance bonuses and incentive awards (including stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares or other stock-based awards) paid, granted, vested or accrued under any Company plan or agreement in the form of cash or Company common stock.

^a The "Salary" column includes the portion of salary deferred at a NEO's election under the Company's 401(k) Plan and/or Deferred Compensation Plan.

^b The "Stock Awards" column refers to restricted share awards granted in 2018, 2017 and 2016, as further discussed in the "Long-term, stock-based incentives" section of the "Compensation Discussion and Analysis" portion of this proxy statement. All restricted shares awarded vest in equal installments over a three-year period commencing on the first anniversary of the award, subject to the executive's continued service through each vesting date. The dollar value of stock awards represents the grant-date fair value of the awards based on the closing market price of the Company's common stock on the grant date of the award. Please see Note 10 "Share-Based Compensation and Benefit Plans" to the Company's Consolidated Financial Statements included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2018, for further discussion of the accounting used in calculating share-based compensation expenses in accordance with ASC 718.

^c The "Option Awards" column refers to the option awards granted to the NEOs, which become exercisable with respect to 25% of the covered shares one year from the date of grant; 50% exercisable two years from the date of grant; 75% exercisable three years from the date of grant and the remainder become exercisable four years from the date of grant. The amounts recognized in the above table reflect the grant date fair value of stock option awards granted during 2018, 2017 and 2016. During the fiscal years ended December 31, 2018, 2017 and 2016, no option awards were forfeited by the named executives. The grant date fair value of option awards was determined using the Black-Scholes option-pricing model. The Black-Scholes model requires the use of assumptions, including expected volatility, expected life, the risk free rate and the expected dividend yield. Please see Note 10 "Share-Based Compensation and Benefit Plans" to the Company's Consolidated Financial Statements included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2018, for further discussion of these assumptions and the accounting used in calculating share-based compensation expenses in accordance with ASC 718.

^d The "Non-Equity Incentive Plan Compensation" column refers to the cash payouts under the Company's annual performance incentive plan, which is paid in the year following the plan year. A detailed description of the annual performance incentive plan can be found in the "Incentive compensation plan" section of the "Compensation Discussion and Analysis" portion of this proxy statement.

The “Estimated Future Payouts Under Non-Equity Incentive Plan Awards” - “Target” column refers to the potential cash payouts under the Company’s annual performance incentive plan for its executive officers, including the NEOs, for 2018, which would be paid during 2019. The “**Summary Compensation Table**” details amounts actually paid under the 2018 annual performance incentive plans in the “*Non-Equity Incentive Plan Compensation*” column, which were paid in the year following the plan year. A detailed description of the annual performance incentive plan can be found in the “*Incentive compensation plan*” section of the “**Compensation Discussion and Analysis**” portion of this proxy statement.

At the beginning of 2019, Company matching contributions of \$13,966, \$18,500, \$16,077, \$14,189, and \$15,600 were contributed for David O'Reilly, Greg Henslee, Greg D. Johnson, Jeff M. Shaw, and Tom McFall, respectively, for the fiscal year ended December 31, 2018.
- c. Amounts included in the "Aggregate Earnings in Last Fiscal Year" column are not reported as compensation in the "Summary Compensation Table."
- d. For fiscal 2018, Greg Henslee was Chief Executive Officer of the Company until May 8, 2018, when he retired from that role with his appointment to Executive Vice Chairman of the Board; at that same time, Greg D. Johnson was promoted to Chief Executive Officer and Co-President of the Company and Jeff M. Shaw was promoted to Chief Operating Officer and Co-President of the Company.

The Deferred Compensation Plan provides executive officers who participate in the 401(k) Plan with the opportunity to defer the full 6% of covered compensation, including salary and incentive based compensation, by making contributions to the Deferred Compensation Plan that are then matched by the Company as if they had been made under the 401(k) Plan. The Deferred Compensation Plan is intended to restore contributions lost because of the application of the annual limitations under the Code that are applicable to the 401(k) Plan. Executive officers may elect to defer their base compensation, incentive compensation and/or bonuses to the Deferred Compensation Plan. Executive officers can elect to allocate their contributions, as well as the Company matching contributions, to various equity, bond or fixed income funds, or a combination thereof, and all interest and/or earnings, which may be credited to the executive officer's account, are based on the applicable fund's market performance. Executive officers may elect to receive distributions at retirement or starting in a specific future year before or after anticipated retirement and may elect to receive the distribution in a lump sum or in periodic payments.

CEO Pay Ratio

Pursuant to Item 402(u) of Regulation S-K and Section 953(b) of the Dodd-Frank Act, presented below is the ratio of annual total compensation of the Company's Chief Executive Officer, Greg D. Johnson, to the annual total compensation of the Company's median employee (excluding the Chief Executive Officer). The ratio presented below is a reasonable estimate calculated in a manner consistent with Item 402(u).

The Company follows a "promote from within" philosophy, which focuses on advancement opportunities for Team Members who demonstrate the the Company's culture and perform at a high level. The median employee identified for purposes of the ratio calculation for the year ended December 31, 2017, transitioned from part-time to full-time and earned two promotions since being selected for the ratio calculation, resulting in a material pay increase, which would have resulted in a significant change to the Company's pay ratio disclosure. Due to these changes in the December 31, 2017, median employee's circumstances during the year ended December 31, 2018, the Company elected to determine a new median employee as of December 31, 2018, using the same methodology that was used to identify the median employee as of December 31, 2017.

In identifying the Company's new median employee, the Company calculated the annual total cash compensation of each employee for the year ended December 31, 2018. Total cash compensation for this purpose included base salary, bonus and commissions compiled from the Company's payroll data. No cost-of-living adjustments were applied as part of the calculation. The Company selected the median employee based on 77,782 full-time, part-time and seasonal workers who were employed as of December 31, 2018, which was the last day of the Company's 2018 fiscal year and consistent with date used for the prior year's selection. For employees who were hired during the year ended December 31, 2018, but did not work the full year, their compensation was annualized, but no full-time equivalent adjustments were made. Independent contractors or leased workers were not included in the population.

Annual total compensation, as determined under Item 402 of Regulation S-K, for the Company's Chief Executive Officer was \$4,866,262 for the year ended December 31, 2018. Annual total compensation, as determined under Item 402 of Regulation S-K, for the Company's median employee was \$21,373 for the year ended December 31, 2018. The ratio of the Company's Chief Executive Officer's annual total compensation to its median employee's total compensation is 228 to 1 for the year ended December 31, 2018.

Potential Payments on Termination or Change in Control

Change in Control Agreements

The Company has entered into change in control severance agreements ("the CIC Agreements") with its NEOs, which become effective only upon a Change in Control (as defined in the CIC Agreements). In addition, under the Company's incentive plans there is acceleration of vesting with respect to stock options and restricted stock awards upon a Change in Control (as defined in the applicable incentive plan).

Pursuant to the terms of the CIC Agreements, if, within six months prior to or two years following a Change in Control, any of the NEOs' employment is terminated by the Company without "Cause," by reason of death or "Disability," or by the NEO for "Good Reason" (each, as defined in the CIC Agreements), then that NEO will be entitled to

- continuation of salary for two years and a payment equal to two times the NEO's target bonus;
- continuation of insurance coverage for two years;
- any unpaid bonus for the immediately preceding year and a pro rata target bonus for the year of termination;
- an amount equal to all earned but unused vacation days;
- payment for outplacement services, up to \$30,000 and not to exceed 24 months;

- immediate vesting for all equity-based awards and immediate exercisability for 12 months for all outstanding stock options; and
- all reasonable legal fees and expenses incurred in disputing the termination of the executive's employment.

The following table shows the amounts that those NEOs who have entered into CIC Agreements would have received if their employment had been terminated by the Company without Cause immediately following a Change in Control on December 31, 2018. The unvested stock option grants and unvested restricted share awards vest pursuant to the terms of the incentive plans upon a Change in Control irrespective of a termination of employment. This table does not include amounts related to the NEOs' vested benefits under the Deferred Compensation Plan or pursuant to stock option grants or restricted share awards, which are described in the tables above.

Johnson was promoted to Chief Executive Officer and Co-President of the Company and Jeff M. Shaw was promoted to Chief Operating Officer and Co-President of the Company.

Employment Arrangements with Executive Officers

The Company entered into a written employment agreement effective January 1, 1993, with David O'Reilly. Such agreement provides for Mr. O'Reilly to be employed by the Company for a minimum period of three years and automatically renews for each calendar year thereafter. As compensation for services rendered to the Company, the agreement provides for Mr. O'Reilly to receive (i) a base annual salary adjusted annually; and (ii) a bonus, the amount of which is determined by reference to such criteria as may be established by the Compensation Committee. Mr. O'Reilly, in consultation with the Compensation Committee, has elected to exclude himself from participating in the bonus portion of his employment agreement pursuant to his responsibilities of providing strategic direction and guidance to the company and his more limited role in the Company's day-to-day operational activities.

Mr. O'Reilly's employment may be terminated by the Company for cause (as defined in the agreement) or without cause. If Mr. O'Reilly's employment is terminated for cause or if Mr. O'Reilly resigns, his salary and bonus rights will cease on the date of such termination or resignation. If the Company terminates Mr. O'Reilly without cause, all compensation payments will continue through the remainder of the agreement's term. Pursuant to this agreement, Mr. O'Reilly has agreed, for so long as he is receiving payments thereunder, to adhere to certain confidentiality obligations and refrain from engaging, directly or indirectly, in any automotive parts distribution, manufacturing or sales business in the states in which the Company operates without prior written consent of the Company. If Mr. O'Reilly had terminated employment on December 31, 2018, such payments would have totaled approximately \$700,000.

The Company entered into a written retirement agreement effective December 29, 1997, as amended on February 1, 2001, with David O'Reilly. Such agreement, as amended, provides for supplemental retirement benefits for a period of ten years beginning with the date of Mr. O'Reilly's retirement. Benefits under the agreement include an annual salary, adjusted annually for inflation, full participation in the Company's health insurance program, full participation in the Company's medical reimbursement plan for senior management, use and maintenance of a Company vehicle and premiums for split-dollar life insurance. Pursuant to this agreement, Mr. O'Reilly has agreed, for so long as he is receiving payments thereunder, to adhere to certain confidentiality obligations and refrain from engaging, directly or indirectly, in any automotive parts distribution, manufacturing or sales business in the states in which the Company operates without prior written consent of the Company. If Mr. O'Reilly had retired from the Company on December 31, 2018, his first year annual salary payment would have totaled approximately \$201,000, and his other benefits under this agreement for the first year would have totaled approximately \$23,600.

Director Compensation

Please see the “**Compensation of Directors**” section of this proxy statement for a discussion of the manner in which the Company’s directors are compensated.

Certain Relationships and Related Transactions

The Company leases certain land and buildings related to 72 of its O’Reilly Auto Parts stores under fifteen- and twenty-year operating lease agreements with entities in which David O’Reilly, Larry O’Reilly and Rosalie O’Reilly Wooten, or members of their families, are affiliated. In addition, the Company leases certain land and buildings related to two of its O’Reilly Auto Parts stores under fifteen-year operating lease agreements with Greg Henslee. Generally, these lease agreements provide for renewal options for an additional five years at the option of the Company and the lease agreements are periodically modified to further extend the lease term for specific stores under the agreements. The total aggregate lease payments paid by the Company to the entities and individuals above was \$4.6 million for the year ended December 31, 2018. The Company believes that the terms and conditions of the transactions with affiliates described above were no less favorable to the Company than those that would have been available to the Company in comparable transactions with unaffiliated parties.

Approval or ratification of transactions with related persons

Pursuant to the terms of the Audit Committee Charter, the Audit Committee is responsible for reviewing and approving all proposed transactions between the Company, any of the Company’s Officers or Directors, or relatives or affiliates of any such Officers or Directors, to ensure that such related party transactions are on a similar economic basis as a like transaction that occurred at arm’s length with an independent third party and are in the Company’s overall best interest and in the best interest of the Company’s shareholders. The quarterly Audit Committee meeting includes a standing agenda item for the review of such related party transactions. The Audit Committee has not adopted any specific procedures for the conduct of the reviews, rather each transaction is considered in light of the individual facts and circumstances. In the course of its review and approval of a transaction, the Audit Committee considers the following, among other factors it deems appropriate:

- whether the transaction is fair and reasonable to the Company;
- the business reasons for the transaction;
- whether the transaction would impair the independence of one or more of the Company’s Officers or Directors; and
- whether the transaction is material, taking into account the significance of the transaction.

During 2018, all related party transactions were reviewed in accordance with the above procedures.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company’s executive officers and Directors, and persons who own more than 10% of a registered class of the Company’s equity securities, to file reports of ownership and changes in ownership with the SEC. Such individuals are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. To the Company’s knowledge, based solely on its review of the copies of such forms furnished to it and written representations with respect to the timely filing of all reports required to be filed, it believes that such persons complied with all Section 16(a) filing requirements applicable to them with respect to transactions for the years ended December 31, 2018 and 2017, with the exception of gifts of shares of the Company’s common stock on December 18, 2017, and December 29, 2017, made by Larry O’Reilly that were not reported until February 28, 2019.

AUDIT COMMITTEE REPORT

The Audit Committee functions pursuant to a written charter, which may be viewed on the Company's website at www.OReillyAuto.com. In compliance with that charter and in connection with the December 31, 2018, financial statements, the Audit Committee

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements referred to above be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018.

PROPOSAL 2 - ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act, the Company is required to provide shareholders with an opportunity to vote, on an advisory (non-binding) basis, to approve the compensation of its NEOs. This proposal is commonly referred to as a “Say-on-Pay” proposal. As required by these rules, the Company is asking you to vote FOR the adoption of the following resolution:

“Resolved, that the compensation paid to the Company’s NEOs, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K of the Securities Exchange Act of 1934, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

In considering their vote, shareholders should review the Company’s compensation of its NEOs in the “**Compensation Discussion and Analysis**” (“CD&A”) section herein and Compensation Committee report included in these proxy materials. As described in the CD&A, the Company’s executive officer compensation programs are designed around the following elements:

- recruiting and retaining qualified Team Members,
- the career development and progression of the Company’s Team Members, and
- observed industry practices.

The main objective of the Company’s compensation philosophy is to provide its executive officers and management with a total compensation package that is competitive and equitable and that encourages and rewards performance based in part upon the Company’s performance in terms of increases in share value. The Company believes that aligning the interests of its executives and management with those of its shareholders further promotes the success of not only the Company, but also its Team Members. The Company’s executive compensation policies are focused upon both short-term and long-term incentives and goals. The Company believes that such policies do not create incentives for inappropriate individual or collective risk taking. The Company also believes that the current programs do not create any incentives with respect to individual or collective behavior that are likely to have a material adverse effect upon either its risk profile or overall approach to risk management.

The Company also has adopted an incentive compensation clawback policy and entered into change in control agreements with the Company’s executives that do not contain excise tax gross-up provisions, as described in more detail above under the description “*Clawback policy*” and under the description “**Potential Payments on Termination or Change in Control**” in this proxy statement.

As this vote is advisory in nature, this proposal does not bind the Company to any specific course of action. However, the Compensation Committee, which is responsible for designing and implementing its executive compensation packages, values the opinions expressed by the Company’s shareholders in this vote and will consider the outcome of the vote when making decisions on future executive compensation packages.

Although this vote is advisory in nature and does not impose any action on the Company or the Compensation Committee of the Board, the Company strongly encourages all shareholders to vote on this matter.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” THE APPROVAL OF THE COMPANY’S EXECUTIVE OFFICER COMPENSATION AS DESCRIBED IN THIS PROXY STATEMENT.

PROPOSAL 3 - RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of the Board has selected Ernst & Young LLP (“E&Y”), as the Company’s independent auditors for the year ending December 31, 2019, and has further directed that management submit the selection of independent auditors for ratification by the shareholders at the Annual Meeting. E&Y has audited the Company’s financial statements since 1992. Representatives of E&Y are expected to be present at the Annual Meeting. They will have an opportunity to make a statement, if they so desire, and will be available to respond to appropriate questions.

None of the Company’s Bylaws, other governing documents, Missouri or federal law, or The Nasdaq Global Select Market Listing Qualifications require shareholder ratification of the selection of E&Y as the Company’s independent auditors. However, the Audit Committee is submitting the selection of E&Y to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of different independent auditors at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.

Fees Paid to Independent Registered Public Accounting Firm

The following table summarizes the fees billed by E&Y for audit and other professional services during the years ended December 31, 2018 and 2017:

	For the Year Ended December 31,	
	2018	2017
Audit fees ^(a)	\$ 2,008,331	\$ 1,948,963
Audit-related fees ^(b)	30,900	30,900
Tax fees ^(c)	481,004	204,298
Total Fees	<u>\$ 2,520,235</u>	<u>\$ 2,184,161</u>

^a Consists of fees and expenses billed for the audit of the Company’s consolidated financial statements, the audit of the effectiveness of internal control over financial reporting and the review of the Company’s quarterly reports on Form 10-Q for such year and reviews in connection with documents filed with the SEC.

^b Consists of fees and expenses billed for the annual audit of the Company’s employee benefit plans.

^c Consists of fees and expenses billed for tax advisory services, including compliance, planning and advice.

The Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax and other services performed by the independent auditor. The policy provides for preapproval by the Audit Committee of specifically defined audit and non-audit services. Unless the specific service has been previously approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it. The Audit Committee has delegated to the Chairman of the Audit Committee authority to approve permitted services, provided that the Chairman reports any decisions to the Committee at its next scheduled meeting. All services provided by E&Y during 2018 were preapproved in accordance with this policy.

The Audit Committee, after review and discussion with E&Y of the preceding information, determined that the provision of these services was compatible with maintaining E&Y’s independence.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” THE PROPOSAL TO RATIFY THE SELECTION OF ERNST & YOUNG LLP, AS THE COMPANY’S INDEPENDENT AUDITORS FOR THE YEAR ENDING DECEMBER 31, 2019.

PROPOSAL 4 - SHAREHOLDER PROPOSAL ENTITLED “SPECIAL SHAREHOLDER MEETINGS”

The Company has been advised that Mr. John Chevedden, 2215 Nelson Avenue, No. 205, Redondo Beach, CA 90278, who has indicated he is a beneficial owner of no fewer than 50 shares of the Company’s common stock, intends to submit the following proposal at the Annual Meeting:

“Resolved, Shareowners ask our board to take the steps necessary (unilaterally if possible) to amend our bylaws and each appropriate governing document to give holders in the aggregate of 15% of our outstanding common stock the power to call a special shareowner meeting. This proposal does not impact our board’s current power to call a special meeting.

Special shareholder meetings allow shareholders to vote on important matters, such as electing new directors that can arise between annual meetings. This proposal topic won more than 70%-support at Edwards Lifesciences and SunEdison. This proposal topic, sponsored by William Steiner, also won 78% support at a Sprint annual meeting with 1.7 Billion yes-votes. Nuance Communications (NUAN) shareholders gave 94%-support in February 2018 to a rule 14a-8 proposal calling for 10% of shareholders to call a special meeting.

This proposal topic won 41%-support at the 2018 O’Reilly Automotive annual meeting. This 41%-vote would have been higher if all shareholders had access to independent proxy voting advice.

Our current higher 25%-threshold for shareholders to call a special meeting may be unreachable due to time constraints and the detailed technical requirements that can easily trigger disqualifying errors by shareholders.

An enhanced ability of shareholders to call a special meeting would give shareholders greater standing to have input in improving the makeup of our board of directors. For instance Rosalie O’Reilly-Wooten and Lawrence O’Reilly each received more than 10-times as many negative votes compared to 2 other O’Reilly Automotive directors. David O’Reilly, Chairman, and Greg Henslee, CEO, each received more than 5-times as many negative votes compared to 2 other O’Reilly Automotive directors.

There is also a concern about stock repurchases like the following:

Announcement of additional stock repurchase authorization up to \$1 Billion.
November 2018

Additional share repurchase authorization of \$1 Billion, amounting to a total of \$10.75 Billion in authorization.
February 2018

Authorization of additional \$1 billion to share repurchase program, increasing to total of \$9.75 Billion.
September 2017

Stock buybacks can be a sign of short-termism for executives - sometimes boosting share price without boosting the underlying value, profitability, or ingenuity of the company. A dollar spent repurchasing a share is a dollar that cannot be spent on new equipment, an acquisition, entry into a new market or anything else.

Any claim that a shareholder right to call a special meeting can be costly - may be moot. When shareholders have a good reason to call a special meeting - our board should be able to take positive responding action to make a special meeting unnecessary.

Please vote yes:
Special Shareholder Meetings - Proposal 4”

The Company's Statement in Opposition to Proposal 4:

The Board recommends a vote AGAINST proposal 4, as the Board believes that providing holders of only 15% of the Company's outstanding common stock the power to call a special meeting of stockholders is unnecessary and not in the best interests of the Company or its stockholders.

Stockholders currently have a meaningful, balanced right to call a special meeting.

The Company's Bylaws already permit stockholders who own 25% or more of the Company's outstanding common stock, on an aggregate net long basis, to call a special meeting. The 25% minimum threshold is a reasonable one that strikes the right balance between ensuring that stockholders have a means of calling a stockholders meeting and protecting against the risk that a small minority of stockholders could trigger a special meeting and its associated financial expense and disruption to the Company's business.

The current right of stockholders to call a special meeting reflects purposeful decision-making by the Board.

The Board evaluated a number of different factors in adopting the existing right of stockholders to call a special meeting, including the interests of the Company's stockholder base, the resources required to convene a special meeting and the existing opportunities stockholders have to engage with the Board and senior management in between annual meetings. The Board also considered the characteristics and composition of the Company's stockholder base, including that two stockholders each held, and continue to hold, greater than 5% of our stock. The Board believes that providing stockholders owning 25% of the Company's outstanding stock the right to call a special meeting strikes a reasonable balance between enhancing our stockholders' ability to act on important and urgent matters and protecting against misuse of the right by a small number of stockholders whose interests may not be shared by the majority of stockholders.

Convening a meeting of stockholders also imposes significant administrative and operational costs. The Company must prepare required disclosures, print and distribute materials, solicit proxies and tabulate votes. A significant amount of attention by the Board, management and employees is required to prepare for special meetings, distracting them from their primary focus of maximizing long-term financial returns and operating the Company's business in the best interests of stockholders. Because special meetings require a considerable diversion of resources, they should be limited to circumstances where a substantial number of stockholders believe a matter is sufficiently urgent or extraordinary that it must be addressed between annual meetings. Unlike a 15% ownership threshold, the Company's 25% threshold prevents a small minority of stockholders from calling a special meeting and imposing these costs on all stockholders even when most stockholders do not want a special meeting. Therefore, the Board believes the existing right of stockholders to call a special meeting provides a reasonable additional mechanism for stockholders to address important issues.

We are committed to strong and effective corporate governance practices and stockholder engagement.

In addition to the existing right of stockholders to call a special meeting, the Board has implemented numerous corporate governance policies that offer stockholders a meaningful voice. Those policies offer the following:

- The ability of certain stockholders to include director nominees in the Company's proxy statements (as discussed further under "Future Proposals of Shareholders");
- The opportunity to elect directors annually using a majority voting standard;
- The ability to recommend director candidates to the Corporate Governance/Nominating Committee, which considers those recommendations in the same manner as recommendations received from other sources (as discussed further under "Information Concerning the Board of Directors - Committees of the Board - Corporate Governance/Nominating Committee");
- The right to submit proposals for inclusion in the Company's proxy statement for consideration at an annual meeting, subject to the rules and regulations of the SEC;
- The opportunity to communicate directly with any member of the Board or Board committee; and
- The opportunity to vote annually in the "say-on-pay" vote to express their views on executive compensation.

We have recently taken steps to refresh our Board.

The Board recognizes the importance of deliberate Board refreshment and succession planning to ensure that directors possess a combined set of skills, experience and qualifications for the Board to successfully oversee management's execution of the Company's strategic initiatives. To that end, the Board appointed two new directors in 2017, Greg L. Henslee and Dana

Perlman. Mr. Henslee has brought tremendous experience and expertise in the automotive aftermarket industry and the Company's operations, strategic planning and leadership development. In addition, Ms. Perlman has brought to the Company significant and extensive global retail, investment banking and business development experience.

The Company's long track record of performance demonstrates that the Company's existing corporate governance policies are effective.

The Board also believes that the proposal seeks to advance a solution to a problem that does not exist at the Company. In particular, the proposal ignores the tremendous shareholder value created by the Company's outstanding long-term performance and the Board and management's exceptional leadership, supported by the Company's existing corporate governance policies. For example, the Company's stock price grew from \$128.71 at the end of 2013 to \$344.33 at the end of 2018, representing a total shareholder return of 168% over the most recent five-year period. By comparison, the total shareholder return of the S&P 500 and the S&P 500 Retail Index during the same five-year period was 36% and 108%, respectively. The strong performance of the Company's stock in both absolute and relative terms independently demonstrates that the proposal does not seek to address any performance-related deficiencies at the Company.

Given the existing right of stockholders to call a special meeting, coupled with the Company's strong corporate governance policies and long track record of performance, the Board believes that adoption of the proposal is unnecessary and not in the best interest of the Company or its stockholders. Further, our stockholders affirmed this view by rejecting a substantially similar proposal submitted by the same proponent at our last annual meeting of stockholders.

Recommendation of the Board:

For the foregoing reasons, the Board of Directors recommends that you vote "AGAINST" proposal 4 to provide holders of only 15% of the Company's outstanding common stock the power to call a special meeting of stockholders. As with all proposals, if the proposal is not properly presented by the proponent at the Annual Meeting, it will not be voted upon.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "AGAINST" THE SHAREHOLDER PROPOSAL ENTITLED "SPECIAL SHAREHOLDER MEETINGS."
